INTRODUCING SINGLE BY SUNDAY POP-PUNK'S MOST COLORFUL FOURSOME

Single By Sunday is an up-and-coming pop-punk band formed in 2015, based out of Glasgow, Scotland. The original foursome consisted of Josh Ladds (vocals, rhythm guitar), Jonny Eakins (lead guitar, backing vocals), Jack Black (bass guitar, growling) and George Wilson (drums). In 2019, James Madison, from England, joined the group replacing Wilson.

The twenty-somethings have made their mark on the music scene with their color-coded style and upbeat, jump-worthy tunes.

Early successes include being named a finalist in the 2015 Holyrood Rocks Competition (Edinburgh, Scotland), participating in the Capital FM's One To Watch Competition, and playing the 2015 Scottish Music Awards.

In 2016, SBS was named Best Emerging International Artist at the Indie Week Music Festival, in Toronto, Canada.

Since 2015, the band has recorded and released 2 EPs and several singles. They toured extensively throughout the UK, Germany and the United States and have cultivated a large following on social media. The band is known for being interactive with their fans, much to the delight of those that follow them.

Single By Sunday actively speaks out against bullying and cyberbullying and promotes internet safety for youth. They have delivered their message through scores of school shows throughout the UK, Germany, and the United States.

The band also enjoys performing charity shows. In October of 2016, they participated in the Nordoff

Robbins Heart & Harmony performance at the Children's Hospital of Glasgow.

The following May, the band hosted a fundraiser at the Hard Rock Cafe in Glasgow; "Colour Your Hair for Nordoff Robbins". Fans arrived in droves with technicolor dye jobs or wigs and enjoyed an energetic performance and selfie opportunities with the band.

Other charities that SBS has supported include the Symphony of Dreams Charitable Trust, Scotland, and the Give Kids the World Village, Kissimmee, Florida. The mission of Symphony of Dreams is "to bring music into the lives of dreamers of all generations who have life-limiting conditions, are chronically sick, disadvantaged, or who may suffer from the effects of poverty". Give Kids the World is an 84-acre, nonprofit storybook resort in Central Florida where children with critical illnesses and their families are treated to weeklong, cost-free vacations.

2018 saw the band on the Boys of Summer US tour roster, playing sixteen cities across the country.

They were beyond thrilled to be invited to play the Full Sail stage at the final Vans Warped Tour in Darien Center, NY in August of that year.

2018 ended with the band being included in the First Night Boston New Year's Eve Celebration lineup; performing to some 50,000 attendees as the City of Boston rang in a rainy New Year.

SBS topped that performance by being named as headliners for the 2019 show, where they played a network televised set in color coordinated kilts while fireworks burst overhead.

DOWNLOAD WATCH OUT WORLD

Watch Out World is a four-track EP released in June of 2017 that fans have lovingly dubbed WOW. The energy ignites with the unique sound as the fast-paced guitars enter in on *It Is What It Is*, an apologetic pop breakup song.

Next up, grungier, dirtier sounding guitar riffs kick off another upbeat love song, *22.5.16*, a name chosen as a nod to a special date, but we're not going to kiss and tell. Then, the pace slows down with wailing guitar notes as we go through a more lonely and guilt-ridden breakup experience in *I Can't Go On Like This*.

The EP rounds off with bassist Jack Black mic checking to introduce the song *NEVEREVEREVER*. Featuring a more driving beat, this song tells about a couple of dates that seem to have gone terribly wrong.

As the vocals trail off at the end of the last song, you'll be left with just one word...

WOW.

You helped me get back up,
But I kept falling down.
I heard the rumors,
Found the volume,
So I turned it down.
You give me strength,
I found my breath,
You pull me in and out.
Low and behold, this love is true,
I found my heart in you.

STAYING SAFE ON SOCIAL MEDIA

FOLLOW THESE TIPS TO KEEP SAFE WHEN ONLINE:

1. Never use personally identifiable information as part of your username (such as your birthday or age)
2. Only accept friends on your personal accounts from people you actually know in real life
3. Report, unfriend, and/or block users who are bullying you, making you uncomfortable, or acting strangely or inappropriately
4. Screenshot and report threats to an adult or authorities immediately
5. Use a long strong password to avoid being hacked. Use numbers, upper and lowercase letters, and special symbols. Consider using two-layer authentication, too, which adds more security to your account.
6. Take advantage of the customizations you can make to your privacy settings. You are in control of who sees what content.
7. If you see something happening to a friend, check in with them or report it to an adult you trust.
8. NEVER meet up with someone you do not know
